

School Vision: Building upon a foundation of social justice and ethic of care, we are a community of learners actively engaged in the development of critical, transformative knowledge for social work practice.

BSW Mission Statement: The Bachelor of Social Work (BSW) program addresses issues of power and issues of discrimination based on age, race, gender, sexual orientation, class and culture. The educational objective of the BSW curriculum is to provide students with the knowledge, values and skills necessary for an initial level of professional practice, focusing on the interface between personal problems and public issues. Critical thinking and structural analysis are central to the learning experience offered by the School and to the promotion of social justice and human well-being.

COURSE DESCRIPTION

This is an undergraduate course focused on exploring social work practice in the field of health care.

LEARNING OUTCOMES

Upon completion:

- Students will be familiar with common issues associated with Social Work practice in the field of health;
- Students will be able to articulate the role of social work as a member of the health care team
- Students will develop the basic skills necessary for working in hospitals and community health setting;
- Students will begin to articulate the link between theory, practice and policy in the health care field;
- Students will be able identify the social determinants of health and make critical linkages to the social foundation of health inequity.

UNIVERSITY POLICIES

“Regular attendance is expected of students in all their classes (including lectures, laboratories, tutorials, seminars, etc.). Students who neglect their academic work and assignments may be excluded from the final examinations. Students who are unavoidably absent because of illness or disability should report to their instructors on return to classes.” (UBC Calendar)

Disabilities: The University accommodates students with disabilities who have registered with the Disability Resource Centre. The University accommodates students whose religious obligations conflict with attendance, submitting assignments, or completing scheduled tests and examinations. Please let your instructor know in advance, preferably in the first week of class, if you will require any accommodation on these grounds. Students who plan to be absent for varsity athletics, family obligations, or other similar commitments, cannot assume they will be accommodated, and should discuss their commitments with the instructor before the drop date.

Academic Dishonesty: Please review the UBC Calendar “Academic regulations” for the university policy on cheating, plagiarism, and other forms of academic dishonesty. Also visit www.arts.ubc.ca and go to the students’ section for useful information on avoiding plagiarism and on correct documentation.

Retaining Assignments: Students should retain a copy of all submitted assignments (in case of loss) and should also retain all their marked assignments in case they wish to apply for a Review of Assigned Standing. Students have the right to view their marked examinations with their instructor, providing they apply to do so within a month of receiving their final grades. This review is for pedagogic purposes. The examination remains the property of the university.

COURSE POLICIES

Attendance and Participation

For this course to be successful, students are expected to attend all classes, be prepared, have read the required readings, and actively participate in learning in the classroom. Non attendance and lateness for any reason may result in the student being disallowed from submitting final papers. This is a practice course and emulates a professional practice reality. Hence, students are expected to function as if a professional in a service agency. If a student is going to miss a class due to illness, s/he must call the instructor and submit a doctor’s note.

SUBMITTING ASSIGNMENTS:

Assignments are due as noted in this course outline, unless otherwise informed by the instructor.

RETURN OF MARKED STUDENT ASSIGNMENTS:

Instructors coordinate the return of marked assignments. The options are as follows: a) the instructor returns the paper to students in class; b) if the paper has been submitted electronically, the instructor will mark it on-line (with track changes) and return to the student on-line; c) the instructor returns the paper to the student by regular mail (the student provides a self-addressed, stamped, envelope to the instructor). Marked papers not returned by any of the options above will be held by the instructor and destroyed one year after submission.

LATE ASSIGNMENTS:

Generally, late assignments will not be accepted. In emergency situations, students must discuss any

potential lateness with their instructor and be prepared to have a medical certificate available. Assignments submitted after the deadline with no documentation will be penalized by one percentage point per day.

FORMAT OF THE COURSE:

The course is structured as a participatory seminar and will consist of discussions of issues and readings, lectures, guest speakers, videos, and peer presentations.

REQUIRED TEXTBOOK *

There is no textbook for this course. Course readings are outlined and are available through UBC Connect or the UBC Library.

ASSIGNMENTS FOR SOCIAL WORK 440Q

ASSIGNMENT #1 – REFLECTIVE JOURNAL

Students will submit 5 reflection papers over the course of the semester. These papers will summarize responses, reactions, and learning related to the weekly readings and class discussions. These recordings will address the application of learning to the practice setting. Papers are to be 500 words. They are to be submitted no later than one week after the class being reflected upon.
Value: 30%

ASSIGNMENT #2 – MAJOR PAPER

Students will connect with a social worker who is employed in a health care setting and conduct an interview with the social worker. They will provide a description of the setting and report in on the role, scope, and function of the social worker in that context. They will describe the theoretical framework used by the social worker to address the practice issues common in their particular setting. Finally students will be asked to draw on the social work literature to expand on the theoretical perspectives by including an additional theoretical perspective and an analysis of how they would integrate theory to address the practice issues that arise in that particular setting.
DUE DATE: November 7, 2017
Value: 40%

Students' papers will be graded on the following criteria:

- Accuracy and depth of understanding, representation and analysis of content
- Ability to articulate the social work role in the chosen health care setting
- Ability to describe the practice context and the major practice issues arising in the chosen setting
- Ability to apply a theoretical framework to the practice context
- Appropriate organization, spelling, syntax, and grammar
- Appropriate application and use of resources

ASSIGNMENT #3 – IN CLASS DEBATE

Students will be put in groups for a classical debate. Students will be prepared to present arguments on both sides of the assigned resolution. Following the debate students will submit a three page reflection paper summarizing their key learning from the process and the application of those learning to the practice setting.
Value: 30%

GRADING CRITERIA
