

School Vision: Building upon a foundation of social justice and an ethic of care, we are a community of learners actively engaged in the development of critical, transformative knowledge for social work practice.

MSW Mission: The MSW program offers an accessible, advanced professional degree focused on social work practice in the fields of child and family welfare, health and social care, and international and social development, using a social justice lens. The purpose of this MSW program is to prepare our graduates to be competent social work professionals, equipped with state-of-the-art knowledge and skills, a critical analytic lens, and a social justice orientation.

COURSE DESCRIPTION

The purpose of SOWK 560 is to provide advanced level learning and practice opportunities in settings conducive to social and community development, clinical practice, and/or research across a broad range of fields of practice, under the instruction of an approved agency based supervisor.

LEARNING OUTCOMES

The 9 core learning objectives for students found in the Canadian Association of Social Work Education (CASWE) Council on Accreditation Standards (page 10) form the basis for evaluation in all programs. Specifics will vary according to the student's program (third year or fourth year BSW, MSW), personal identified learning goals, specific placement and agency, within the 9 areas highlighted below.

1. Identify as a professional social worker and adopt a value perspective of the social work profession.

2. Adhere to social work values and ethics in professional practice.
 3. Promote human rights and social justice.
 4. Support and enhance diversity by addressing structural sources of inequity.
 5. Employ critical thinking in professional practice.
 6. Engage in research.
 7. Participate in policy analysis and development.
 8. Engage in organizational and societal systems change through professional practice.
 9. Engage with individuals, families, groups and communities through professional practice.

COURSE EVALUATION

Students will post the learning objectives and evidence of achievement within the above framework on the Intern Placement Tracking platform (IPT) within four weeks of starting practicum. These form the basis for evaluation throughout the practicum experience and may vary over time. Assignments of work in practicum to meet the objectives will be made by the field supervisor.

Evaluations of learning objectives and evidence of achievement are completed formally by the field supervisor and student twice during the practicum – the Midterm Practice Performance Evaluation and the Final Practice Performance Evaluation. The field supervisor and student will complete the Midterm Performance Evaluation form prior to the completion of approximately one-half the hours of the placement and 'sign' the form, which will then be reviewed and signed by the faculty liaison. The Final Performance Evaluation Form will similarly be completed within one week of the completion of the required hours. The hours tally sheet should be completed daily, and 'signed' at the completion of practicum by the student, the field supervisor, and the faculty liaison.

The faculty liaison will visit the site a minimum of two times in person during the practicum, the specific times mutually negotiated, but usually two of beginning, middle, and end of practicum.

SOWK 560 is graded as a Pass or Fail. The faculty liaison assigns the standing, taking into consideration the field supervisor's evaluation and recommendation. A grade will only be submitted when all assignments, evaluations and hours tally sheets have been signed off by the student, the field supervisor, and the faculty liaison.

COURSE SCHEDULE AND ATTENDANCE

The required field component of SOWK 560 is 450 hours minimum. Practicum days are Mondays and Tuesdays, starting the week after Labour Day until approximately the end of March. Students can negotiate to increase hours during holiday breaks at Christmas, and reading break in February.

Full and consistent attendance is required in practicum based on the hours the agency is open, and the required number of hours per day as set and as negotiated with the field supervisor.

Students are allowed one day per term for illness without a make-up requirement. In those circumstances, the student must notify the field supervisor, or designate, as soon as possible. If further leave time is required, both the faculty liaison and the field supervisor must be notified and hours made up. For an extension of deadline, all parties must agree to a make-up arrangement, including a new deadline. Time taken off for personal reasons must be approved by the field supervisor and field liaison and no credit for hours will be received.

ACADEMIC DISHONESTY

Please review the UBC Calendar “Academic regulations” for the university policy on cheating, plagiarism, and other forms of academic dishonesty. Also visit www.arts.ubc.ca and go to the students’ section for useful information on avoiding plagiarism and on correct documentation.
